OPERATION LIFESAVER'S 2010 SYMPOSIUM - DON'T MISS IT!

16TH INTERNATIONAL OPERATION LIFESAVER SYMPOSIUM AND TRAINING SEMINARS

August 30 - September 1, 2010

Hyatt Regency Baltimore - Baltimore, Maryland

Operation Lifesaver is a non-profit, international continuing public education program to end collisions, deaths and injuries around tracks and trains. Visit www.oli.org.

This leadership conference will be packed with helpful information, inspiring speakers, and refresher training for key highway-rail safety and trespass prevention officials. Distracted driving, pedestrian safety, and other current topics will be covered in general sessions and breakouts. The 2010 Symposium will feature an exhibit area showcasing transportation technologies, systems, and resources to enhance safety. Federal, state and local highway safety officials, Operation Lifesaver state program coordinators and trainers, and international railway safety advocates will benefit from attending the Symposium.

Exhibits, breaks, and meal functions will provide opportunities for networking with other highway-rail safety and pedestrian trespass prevention leaders. The Inner Harbor of Baltimore offers a wealth of shopping, dining, and other activities for attendees; other nearby attractions include the B&O Railroad Museum and the Maryland Science Center.
